Dear Senator Casey,

I urge you to endorse and vote for the Equal Rights Amendment (ERA) that is Senate Joint Resolution 6 (S.J. Res. 6) to remove the arbitrary deadline that prevents the ERA from becoming part of the Constitution. When the ERA passes Congress with only a simple majority vote of 51 percent the amendment will be signed into law and sent to the states which have not ratified.

Join with 88% of Americans to give women and men equal status under the law for justice and equality for all which is the American ideal.

Sincerely, (Please sign, and give your address)

THE HONORABLE PATRICK

WASHINGTON, D.C. 20510

Dear Senator Toomey,

As an advocate of women's rights I urge you to do everything in your power to support the Paycheck Fairness Act (S. 270), a bill that would narrow employers' defenses for discrimination, improve remedies for victims of wage discrimination, increase penalties for wage discrimination, prohibit retaliation for disclosures and require federal agencies to keep track of wage data to track improvements.

Sincerely, (your name and address)

**Alert Violence Against Women!**

Write as above to; Senator Toomey, Please support and co-sponsor the 2019 Reauthorization of the (VAWA) Violence Against Woman Act (S. 1585). Survivors can't wait for lifesaving responses to domestic violence, dating violence, sexual assault and stalking. Members of Congress on both sides of the aisle can support this Act as they have in the past.

Book Review: David I. Grunfeld, Esquire  
**ROAR** by Cecelia Ahern

This is a volume of thirty short stories by an active feminist in Dublin. Each starts with "The Woman Who..." and illustrates, as if a simple work of fiction, how women can and should navigate the world today, with wit, compassion and dignity. Funny and true to life, it is one of the most innovative and interesting books I have read this year, and it will raise everyone's consciousness.
